Entrepreneurs' Programme

INTELLECTUAL PROPERTY DUE DILIGENCE

Tips and traps for the unwary.

This session will be valuable for participants with complex IP portfolios, as well as those considering IP strategies (including those operating outside the med-tech field) to gain an understanding of the complexities, and potential danger areas, surrounding valuable IP assets, particularly patents and copyright.

The Entrepreneurs' Programme present experts in the field of navigating the complex issues surrounding IP due diligence.

This free workshop will cover topics that extend beyond just med tech related issues including:

- Correctly identifying inventors
- Correctly identifying, and ensuring that you have the right subject matter
- Prospectus due-diligence for IP assets
- Understanding what you actually have protected
- Communicating your IP value proposition to investors and stakeholders
- Examples of when things go wrong.

For more information on this workshop, please contact Greg Ward on 0419 002 410.

The Entrepreneurs' Programme is the Australian Government's flagship initiative for business competitiveness and productivity. It forms part of the Government's National Innovation and Science Agenda. The Programme uses experienced Advisers and Facilitators, drawn from industry, to ensure businesses get the advice and support they need to improve their competitiveness, productivity and to maximize their growth potential. For more information go to www.business.gov.au/EP.
