

# • • Non-Executive Director

• *Internationally recognised listed healthcare company*

IDT Australia (ASX:IDT) has a proud 40-year history of excellence as a manufacturer of pharmaceuticals. Its facilities are fully cGMP compliant, and regularly audited by the US FDA and Australian TGA. It provides a comprehensive service from early stage API development through to finished drug formulation, clinical trial product supply and commercial manufacture for global distribution. IDT has also been providing GMP medicinal cannabis services and products for over two years, and manufactures a variety of medicinal cannabis products for local and international markets.

Retirement of a high profile Director has created a vacancy for a globally-focused pharmaceutical professional to join this experienced, skills-based Board.

You have a combination of scientific and business credentials underpinning a successful executive career in pharmaceutical commercial roles which may include sales, marketing and business development. Your governance qualifications and experience are robust, ideally gained in a listed environment.

Please send a governance resume (Word format, up to 5 pages) to [career@brookerconsulting.com.au](mailto:career@brookerconsulting.com.au) or ring Jeremy Wurm on 03 9602 1666, in confidence.
